

Council Passed Gas Agreement

A regular meeting of the Council was held on Tuesday last when all members were present with Mayor Cook in the chair.

The minutes of the last regular and special meetings having been adopted. A communication was read from Mr. M. Carrell asking permission for a permit to install a gasoline tank and pump in front of the garage premises occupied by him on Queen street.

Knowles-Lissimore—That permission be granted Mr. A. Rustand to install a gasoline tank and pump in front of his garage in an approved place.—Carried.

Mr. H. Fieldhouse submitted a price of \$300.00 to the Council for the purchase of the north half of lots 14 and 15 plan 6445 for use in connection with the power house.

Lissimore-Welch—That this be discussed under head of new business.—Carried.

A letter from Mr. W. Brown, supt. C.N.R. railways, re the policing of the station premises, was filed pending further information.

Huntingford-Foster—That the regular order of business be now called and that the Council resolve itself into a Committee of the Whole for the purpose of dealing with the proposed franchise agreement re the supply of natural gas to the town.—Carried.

In committee, with the Mayor in the chair, the agreement was taken up clause by clause; the solicitor being present in an advisory capacity.

Upon rising, the report recommended that the franchise agreement as now amended be accepted, and that a by-law covering the same be introduced and receive its first reading.

Forster-Welch—That the report of the committee of the Whole be adopted.—Carried.

Resuming the regular order of business, a petition was presented from Mr. G. Torgy and 23 others asking that a crossing be placed at Queen street at its intersection with Second Avenue—from Park hotel corner to B.C. laundry.

Knowles-Forster—That petition be crossing at Queen street be held in abeyance for further consideration.—Carried.

The Finance committee reported recommending payment of the following accounts:—

J. Horton, unford coal	\$41.80
M. Rubink, labor	27.00
P. Rutherford, labor	3.00
D. Boudreau, salary	85.00
M. McLeod, light & day	22.55
A. Murray, refund	5.00
B. Merrick, labor & material	100.00
W. Lee, refund	5.00
C.N.R., freight	205.95
C.N.R. water service	1.00
Fairbanks Morse, balance	371.17
Gov't Telephone	8.50
R. Bailey, salary	175.00
G. Valens, scale inspector	6.00
Mrs. Christenson, salary	20.00
W. Blinn, salary	125.00
H. Pawling, sal & tips	155.00
H. Fryman, salary	100.00
J. Dous, salary	150.00
A. Scottfield, salary	100.00
Beaver Soap Co., line	63.45
Imperial Lbr Co., material	9.85
West. Mun. News, supplies	39.25
Edwin Journal, advtg	11.40
Wain Star, advtg & fig	17.75
P. Laird, repairs	5.40
Atlas Lbr Co., material	27.65
Can. Coal Co.	59.73
Pyramid Oil Co., supplies	63.04
Peckover Steel Co., supplies	5.20
Coutts Machine Co., repairs	9.23
Wain. Machine Shop	4.50
Toilett Co. Ltd.	138.56
Dinast Coal Co.	42.20
W. Bibby, unford coal	40.00
H. Renville, labor	2.00
H. Pawling, stamps	5.50
J. Richardson, repairs	5.50
Wain. School Bd.	2000.00
Bank of Montreal, bills	225.00
Bank of Montreal, interest	325.00

Forster-Knowles—That the report of the Finance committee be adopted and cheques issued covering the several accounts.—Carried.

Five chief Mills having tendered his resignation to the Council, the Fire Water and Light committee recommended that the resignation be accepted and that the sum of \$50 be paid by way of remuneration for past services; also that deputy fire chief J. Richardson be asked to accept the position.

Forster-Lissimore—That the report of the Fire, Water and Light committee be adopted.—Carried.

A report was presented from the fire chief as to the condition of the apparatus and equipment.

Forster-Huntingford—That the report of the fire chief be accepted and that the sum of \$50 be paid by way of remuneration for past services; also that deputy fire chief J. Richardson be asked to accept the position.

TIN ANNIVERSARY CELEBRATED BY LADIES OF W. I.

The local Women's Institute celebrated their tenth anniversary on Saturday last at the home of Mrs. W. Goulet, with an attendance of over thirty present. A short time was taken up with the business of the local, after which the meeting was turned over to the programme committee.

Mrs. A. Lavelle, in a short address, took her bearers back to the date of organization, and traced the growth of this branch; this feature being especially enjoyed by old-time members. The mention of "times I'll never forget," strawberry socials and such like, made more recent members wish they could have participated in some of those good times, and the gathering enjoyed the presence of the first president of this local, Mrs. S. Bowerman.

During the afternoon, Mrs. W. Huntingford, sang "Our Yesterdays," this being a truly appropriate number, and Miss F. Murray and Miss Chynoweth and Miss E. Martin both gave splendid readings, and Mrs. E. Ganderon rendered a violin solo. In addition, the programme was enlivened by community singing by all present, after which a dainty lunch was served.

A feature of the celebration was the "anniversary fishpond" from which everyone present drew a souvenir of "The Tenth Anniversary."

Lord Byng Going North.

Governor General Lord Byng is to leave Edmonton on July 13, for a trip down the Mackenzie River to Akavik in the Arctic. It is possible that he be accompanied by Premier Greenfield of Alberta.

***Clean up, fix up, and then Paint up. And be sure you use Eapco paint, which protects you with a guarantee of satisfaction or money back. Sold by Joe Welch at the Atlas Lbr. Co. Yard.

PAULINE FREDERICK RETURNS TO SCREEN SHOWN HERE MON.

"Let Not Man Put Asunder," which will be the attraction at the Theatre on Monday and Tuesday brings together two of the most romantic figures in the annals of movie, Lita Teltova famous for her portrayal of the roman lover, and Pauline Frederick, whose roles have always been characters torn by the passions of deep emotions.

The picture also marks Miss Frederick's return to the screen after an absence of a year, during which she starred on the stage. The dearth of good stories was credited for Miss Frederick's temporary retirement from the screen. She is an actress with such exceptional emotional power that only stories with big dramatic themes appeal to her. "Let Not Man Put Asunder" is one of the few stories suitable for the screen which provides opportunity for the full play of vigorous artistic ability possessed by Miss Frederick.

Lou Tellegen also has a difficult role in the production, which calls for an unusual amount of artistry. He portrays the divorced man whose wife will not give up her career on the operatic stage. The two drift apart, always loving each other, and, despite the fact that the law has severed marriage bond, each feels the other is joined by a tie which no law can sever. The intense moment comes when these two are reunited in a tragic event, man, Helena D'Algy has the role of the divorced wife.

The production is filled with striking scenes, in which the players must run the gamut of emotionalism. The daring handling of the divorce problem by Basil King the author, promises a photoplay of universal interest.

Huntingford-Welch—That Bylaw No. 149 as now passed at its first reading be forwarded to the Public Utilities Commission for their approval to be made before the burgesses.—Carried.

An account from Mr. M. Greer for \$10 for use of rink by Curling Club on January 31st, was discussed.

Lissimore-Welch—That the account of Mr. Greer for the use of the rink be returned as it is a matter entirely with the Curling Club.—Carried.

The Council then adjourned.

MUST SELL COAL CHEAPER IN EAST SAYS STUTCHBURY

EDMONTON, That Alberta coal must be capable of being retailed in the Ontario market at \$13 dollars a ton, if it is to compete with U.S. anthracite, and that this can only be accomplished by reduced freight rates, reduction in cost of production, and curtailment of distribution costs by sales pools or some similar system was the contention of Howard Stutchbury, provincial trade commissioner, made before the Alberta Fuel Commission (Messrs. H. M. E. Evans, R. G. Drinnan and F. W. Wheatley) at its second public sitting in the courthouses.

Mr. Stutchbury's evidence as to the efforts made to introduce Alberta coal on the prairie market and later, on the eastern market, and statistical evidence on railway rates for coal by Alfred Chard, provincial supervisor of traffic, occupied the entire morning session witnesses being heard later from among local operators.

This, it is expected completed the Edmonton sittings of the commission.

CLEAN-UP DAY HAS IMPROVED TOWN GENERALLY

The citizens were mostly all up bright and early on Monday last, the occasion being the annual "clean-up," and much good was derived to the whole town generally.

Contractor Bailey had several teams at work in addition to three or four which were placed in requisition for the day, and quite a big improvement in the lanes and streets was effected.

Now that the town is assuming a much cleaner aspect, it might be well to point out that with the due co-operation of the ratepayers this state of affairs can be continued indefinitely.

Householders are advised to provide themselves with metal ashbins with lids (and see to it that the ashes are placed therein) and also boxes for refuse, garbage, tin cans, etc.

It is the intention of the contractor to clean up the streets at least once a week over the whole town, and in his way the lanes and back places can be kept in a tidy condition and be a credit to the town and also to the householders' property.

Let's co-operate on this, so that the usual breeding places for the fly pest will be conspicuous by their absence.

With regard to the emptying of the cesspools, etc., arrangements are now completed for the carrying out of this work during the night and, altogether these promises to go along in great order provided the co-operation sought by the contractor is freely extended by the citizens generally.

MOTHERS' DAY WELL OBSERVED BY LOCAL CHURCHES

There was a very good attendance at the Mother's Day service in Grace church on Sunday morning when the very fine order of service provided by the Religious Education Council was followed. The scripture readings were by Mrs. Frank Stot while the mothers gave the responses. The pageant entitled "The Children's Hour" presented very impressively the privilege and responsibility of the mothers in directing the religious training of their children. The part of "Mother" was taken by Mrs. Steel while Marie and Mervin Rowe, Allan Taylor and Dorothy Thys took the children's parts. The pastor gave a short address to the children emphasizing the fact that the qualities exemplified by true motherhood are the greatest treasures of life.

The "Mothers' Day" programme which is furnished by the Religious Education Council of Canada took the place of the usual morning service at St. Andrews church in the presence of a congregation that completely filled the church. A pageant entitled "The Children's Hour" was presented by Mrs. Washburn who was ably assisted by four children—Ronald Moses, Vivian Billings, Eddie and Nettie Pickard. The presentation of this pageant was much enjoyed by the large congregation. It was the singing of the familiar hymns which were chosen for the occasion.

Huntingford-Welch—That Bylaw No. 149 as now passed at its first reading be forwarded to the Public Utilities Commission for their approval to be made before the burgesses.—Carried.

An account from Mr. M. Greer for \$10 for use of rink by Curling Club on January 31st, was discussed.

Lissimore-Welch—That the account of Mr. Greer for the use of the rink be returned as it is a matter entirely with the Curling Club.—Carried.

The Council then adjourned.

DOMINION ASPECT OF CHURCH UNION LATEST FIGURES

From the Presbyterian Witness

There are two supreme facts to be borne in mind in regard to the church Union situation in Canada; these are: (1) That Church Union is not a local or provincial question. (2) That Church Union is not merely a Presbyterian question.

Now that the voting in congregations is practically over in seven provinces, it is possible to review the situation from the national standpoint, and from the point of view of the United Church of Canada. We will begin with Ontario, since the voting in that province has been put forward as an argument against Union.

The situation in Ontario from the point of view of the Presbyterian Church is summarized in the following figures:

Presbyterian Figures for Ontario
Total congregations 1,290
Non-concurring congregations 412
Total membership 206,354
Non-concurring vote 75,382

It will be seen that out of a total of 1,290 Presbyterian congregations in Ontario, 412 have voted non-concurrence during a period of five months. There is still another month to go, but since 493 churches have voted to go into Union, and the voting is now intermittent, it is safe to say that most of the remaining congregations will go into Union with or without a vote.

It should also be remembered that the opponents of Union concentrated their disrupting efforts upon the congregations in Ontario, and that in very many instances the voting was not of the straight issue of Church Union but largely upon some local question which had little, or nothing, to do with the larger question of Union. Fortunate, times and Christian charity will heal all these breaches and the Union spirit must prevail.

Comparing the Ontario situation with that of the rest of the Dominion we find that there are only 179 non-concurring congregations altogether in the other six provinces. The following figures indicate the insignificance of non-concurrence outside of Ontario.

Outside of Ontario
(United Church Figures)
Total congregations 6,230
Non-concurring congregations 179

Notwithstanding the loss of some four hundred congregations in Ontario the United Church will be by far the strongest body in that province, as the following figures will show.

United Church in Ontario
Total congregations 3,240
Non-concurring congregations 412
The United Church of Canada will have nearly three thousand congregations and a membership of over a million.

hundred thousand in Ontario alone even if all the non-concurring congregations and voters remain out of the Union—and this in a province which is said to be the stronghold of anti-Unionism.

Turning to the Dominion as a whole the situation is still more striking. The following are the figures.

Presbyterian Methodist Congregationalist (Dominion Figures)
Total congregations 9,470
Non-concurring congregations 591
Total membership 801,496
Non-concurring vote 103,282

From the foregoing figures it will be realized that the Church Union question is not a local or provincial but a national question. The strength of anti-Unionism has been in the over-emphasizing of the narrower aspects of the Church Union movement. Local and sectarian appeals have misled many who would otherwise have responded to the larger vision with enthusiasm, and who may yet catch the vision.

Some discussion took place with regard to forming a league with Chauvin Edgerton and Irma. This matter is being appointed as chairman of the although it is now known that Irma will have no ball team this year.

It is promising to note that the Finance committee, who are going the rounds with the list of subscriptions are meeting with splendid responses to their appeal, and it behoves all who wish to see the club placed on a strong footing to give them all support possible.

OTTAWA NOT MINTING SILVER COINS JUST NOW
OTTAWA—(Canadian Press)—No Canadian silver coins have been minted in Ottawa since 1923. In answer to a series of questions by George Black, Conservative, Yukon, in the House of Commons this afternoon.

Hon. J. A. Robt, acting minister of finance stated that a large quantity of silver had been mined during the war demobilization periods. There had been a sufficient supply to last until the present time. The mint, Mr. Robt said, had been engaged on bronze and nickel coinage and the refining of gold.

***Empire kalsomine, when mixed with hot water, won't rub off or show brushmarks. Sold by the Atlas Lbr. Co. Joe Welch.

Seventy-one homeowners were taken up at the Edmonton land office during the month of April. Three grants were also filed on.

DISCOVERER OF SUNBURST FIELD GETS JAILED
GREAT FALLS, Mont. Gordon Campbell, discoverer of the Kevin-Sunburst oil field, and the man who employed Senator B. K. Wheeler at \$10,000 a year as his attorney, following Wheeler's death to the senate in 1922, today was found guilty in the federal court here by a jury under charges of fraudulent oil promotion and issuing the mails to defraud.

INTERIOR OIL CO MAKES START ON SEASON'S DRILLING

After waiting some time to receive a special under-reamer for the commencement again of the work at the Interior company's operations at the edge of town, this necessary tool arrived at the beginning of the week, and the crew are now running full swing under the capable direction of Superintendent Fred Beresford.

The signs as at present shown by this well, are all favorable to those in the know, and it is confidently expected that the well will be brought in and completed within ninety days.

If such proves to be the case, there will certainly be a load lifted from the mind of most of our ratepayers with regard to the gas supply for town, as it is planned that this commodity is to be brought in from this drilling if such proves available.

We learn, too, that the Mutual Oil company, from whom we published word some time since, have now made arrangements whereby they will shortly be commencing work on their lease on section 11 (adjoining the Mahoy farm) the whole of which is owned by the company.

It is understood that a drilling rig is now being procured for this venture and that within the next month work will have started on this site.

The Western Consolidated Co., under Mr. D. Credle, are working might and main on their hole north of town in an endeavor to be the first to produce this season, and the B.P. are continuing work for their new No. 6 well, as well as keeping No. 4 "on the pump."

BASEBALL CLUB IS RE-ORGANIZED FOR THE SEASON

At a fairly well-attended meeting held on Wednesday last in the Council chamber it was unanimously decided to re-organize the Wainwright Baseball Club.

Ex-president Forster occupied the chair, and Mr. G. Siddall was appointed to the office of secretary for the meeting.

Moved by A. Arden and seconded by W. Clark that the club be re-organized.—Carried.

Moved by N. Kenny, seconded by D. Brown that the officers of the club consist of President, Secretary, Manager, and an Executive committee of three.

Moved by Kenny and Siddall that Mr. W. Clark be president.—Carried.

Moved by Parmenter and Kenny that Mr. G. Siddall be secretary.—Carried.

Moved by Clark and Brown that Mr. Kenny be manager.—Carried. Messrs. Forster, Gerow and Armstrong were appointed as the committee, with Mr. W. Blinn as appointed chairman of the grounds committee.

Some discussion took place with regard to forming a league with Chauvin Edgerton and Irma. This matter is being appointed as chairman of the although it is now known that Irma will have no ball team this year.

It is promising to note that the Finance committee, who are going the rounds with the list of subscriptions are meeting with splendid responses to their appeal, and it behoves all who wish to see the club placed on a strong footing to give them all support possible.

MR. GEO. STEEL IS NEW SECRETARY OF SCHOOL BOARD

Minutes of regular meeting of Wainwright School Board held at the school on Monday, May 4th, when all members were present. Boyd-Prosser—That the minutes of the last regular meeting be adopted as read.—Carried.

Letters were read from Miss Cooper and Miss Shute making applications for positions as teachers should there be vacancies.

Washburn-Bowerman—That the letter from the Miss Cooper and Shute be acknowledged and filed for future reference.—Carried.

Washburn-Bowerman—That the communication from Mr. L. Miller, of Calgary, re Cadet Corps be referred to Principal Susting for report, and that the letter be acknowledged and filed.—Carried.

Prosser-Boyd—That the communication from Mr. M. Greer re school well be filed, and that the secretary be instructed to write the medical health officer to have the water analysed as soon as possible.—Carried.

Secretary Mills wrote tendering his resignation from his office, to take effect at once.

Bowerman-Washburn—That the resignation of the secretary treasurer be accepted with regrets.—Carried.

A report was read from Trustee Bowerman to the effect that he had attended the convention held at Wainwright regarding holding a school fair, and on account of the sparse attendance thereat he thought it inadvisable to hold a school fair this year.

Washburn-Prosser—That report of Trustee Bowerman re school fair be accepted.—Carried.

The attendance officer's report for the month was read, and Washburn-Bowerman—That the report be accepted and filed, and copy forwarded to the Department.—Carried.

The Property committee reported that the wiring contract, with Mr. Hanes had now been completed, and recommended payment of this account to full.

Prosser-Boyd—That the report of the Property committee be adopted.—Carried.

Washburn-Bowerman—That this Board request the Town of Wainwright for the sum of \$14,500 for current expenses for the year 1925.—Carried.

An application was read from Mr. G. Steel, asking for the position of secretary-treasurer of the Wainwright School District, and

Prosser-Boyd—That application of Mr. Steel as secretary-treasurer be accepted at a salary of \$10 per month; duties to be assumed at once.—Carried.

Washburn-Bowerman—That secretary be instructed to secure the necessary bond of \$2000 for the year 1925.—Carried.

Washburn-Bowerman—That the chairman of board be instructed to engage an auditor to audit Secretary Mills' books for the Period Jan. 1st 1925 to May 4th, 1925.

The following accounts were presented for payment and on the motion of Washburn-Bowerman same were ordered paid.

Teachers' salaries	\$1060.00
Janitor's salary	\$100.00
A. Mills, salary	10.00
Gov't Telephone	3.25
Town of Wain. Light	2.00
Imperial Lbr Co., supplies	15.20
Atlas Lbr Co., supplies	9.70
Mrs. Horne, washing	1.20
Revenue stamps	2.00
Wain. Pharmacy, supplies	21.45
Wain. Star, printing	12.25
T. McAnand, repairs	25.00

The meeting then adjourned.

DEPT. OF HEALTH TAKES OVER DUTIES FROM ATT. GEN.

EDMONTON, The transfer of all the government's child welfare work from the attorney-general's department to the department of health is now under way, in accordance with legislation passed at the recent session K. C. McLeod, who has for some time been superintendent of neglected children, and has also been in charge of the administration of the mother's allowance, will continue at the head of the newly consolidated work which will be conducted on the same lines as heretofore, but under a different department.

THE GAS

FRANCHISE

When Leander swam the Hellespont,
the feat was only accomplished by a
full determination to see the task com-
pleted to a finish, and much the same
analogy can be drawn today in Wain-
wright in the matter of obtaining the
supply of natural gas for the residents
which is truly so desirous a household
need.

In dealing with the matter at the
special meeting of the Council, it was
clearly shown that practically all pre-
sents were out to gather all the available
facts with regard to the possibilities
and probabilities of the undertaking
and the agreement with Mr. Devall
which was afterwards concurred in
(and which will now be the subject of
a bylaw to be submitted to the burgess-
es at a later date for their approval)
is such an one that it gives full pro-
tection to all parties concerned, and yet
at the same time enforces that the
rights of the citizens shall be fully re-
spected.

It will rest with the Public Utilities
Commission of Alberta to set the rate
which will be charged for the com-
modity, and the voters, will, without
a doubt, pass the necessary authority
without a demur.

The provisions set down are all time-
ly, and yet withal feasible, and such
a proviso as is contained in the agree-
ment—that the contractor will have
to drill for himself in case he fails to
procure a supply already existing—
though possibly extending the length of
time for installation assists greatly in
the assurance that natural gas will be
supplied for Wainwright if the
product is to be obtained by any
means whatsoever.

There can hardly be any doubt as to
the source of supply, seeing that at
present there are wells right in the
district which are blowing off a
where from ten to twenty million cubic
feet of gas every twenty-four hours,
so that once the piping for the dis-
tributing system is installed, little or
no delay should be occasioned in the mat-
ter.

With gas in evidence at three wells,
now, and the Interior company rush-
ing work right at the town line to du-
plicate this effort, it certainly looks as
though—once the burgesses have had
the opportunity of expressing them-
selves as in favor of the granting of
the ten-year franchise sought—quite a
large area of the town should be cou-
pled up for next winter's heating pur-
poses.

USES OF NEWSPAPERS

Does anyone ever ask you: "What
is a newspaper good for anyway?" De-
you ever wonder: "What's the use?"
If so, perhaps the following letter,
written recently to the editor of the
Vancouver Province, may give you
some insight as to how to answer
those questions.

We read them, of course, perhaps
not from end to end, unless we live in
lousy places.

But the modern housekeeper spreads
newspaper over her kitchen table be-
fore starting to prepare a meal. She
knows that newspaper takes off the
first grease from frying pans and
sauces before washing them, and
polishes the lids on the kitchen stove
(doing quickly when the fire is neigh-
er to hot or cold).

Her fur, kept in newspapers, are
free from moths; the moths, for some
reason, have a keen dislike for print-
er's ink. She suggests to those who are
without the luxury of a carpet sweep-
er or vacuum cleaner that damped
newspaper, torn into little bits and
thrown on the carpet before it is swept
collects the dust makes it less likely
to fly about. Sheets of newspaper laid
under a carpet keep the dust from the
boards of the floor and make the car-
pet feel thicker to walk on—luxury a
little cost.

Newspapers placed between blanket
to defy the cold. This is a tip for
chilly campers to remember at bed-
time.

—M. P. J.

THE CLEAN-UP
PROPOSITION.

Although, Monday last was Arbor
Day, and therefore a day when the an-
nual clean-up of the garden, and the
straightening out of matters pertain-
ing thereto is usually in vogue, it was
certainly a very short notice which the
Council (or the committee responsi-
ble) gave to the ratepayers in general
that the annual clean-up of the streets
lanes and other premises was to be
undertaken.

In previous years it has been the cus-
tom to give at least a couple of weeks
notice through the newspaper that the
undertaking was on the tapis, and the
two-days notice of this year no doubt
found many with unbreakable plans
for Monday affair.

However, it is past and over for this
year, and the looks of our town genera-

ally, and the back lanes in particular
give ample evidence that at least
"somebody worked" and worked hard.
Contractor Bailey was certainly on the
job. He was here, there, and every-
where, and now the crowing achieve-
ment of the day's labors is to be prov-
ed. Monday's result proves the effi-
ciency of co-operation. All together for
the common good. Each for all and
all for each.

The great need now will be to keep
up that spirit of cooperation which was
shown in the clean-up, that every
householder will co-operate in making
the removal of ashes and refuse as
easy a matter as is consistent with the
arduous duty. Ashes should be placed
in metal ashcans or other containers.
Garbage (kept as dry as possible) can
be placed in a separate wooden box.
All that will burn should be destroyed
via the kitchen stove route and above
all the receptacles mentioned should be
kept tidily at the fence line at the back
of the property. In this way, the re-
cently appointed sanitary inspector
will have few complaints to make, and
the Public Health Act of the Alberta
will have no fears for the household-
ers of Wainwright.

The fly nuisance, the menace of ep-
idemic disease, and the dread stenches
which have been known to greet us all
when making calls in different por-
tions of the town, can all be to a
great extent—done away with, and
CO-OPERATION in the matters re-
ferred to above will prove to be the
easiest manner in which to deal with
public nuisances of this character.
Let's Co-Operate!

PUBLIC NOTICE

In the Estate of Richard Aykroyd,
late of Wainwright, Alberta, Farm-
er, deceased.

Notice is hereby given that all per-
sons having claims upon the estate of
the above named Richard Aykroyd,
who died on the 4th day of January,

The Talbot Settlement

Q.—Where is the Talbot Se
A.—The Talbot Settlement
toric area in the County of Eng

the north shore of Lake Erie, where
a pioneer group settled, under Colonel
Thomas Talbot, in the early years of
nineteenth century, and which is to-
day one of the most prosperous and
fertile sections of Ontario. The grave
of the founder of the settlement is in
St. Peter's Cemetery at Tyrconnell,
where many of the early settlers also
rest.

Canada's Trade in 1924
Q.—What was the extent of Can-

A.—Canada's total trade in 1924
reached \$1,878,807,
189, as against a total of \$1,931,559,
638 in 1923. The imports amounted to
\$808,195,573, and the exports \$1,070,611,
516, with duties collected of \$123,162,
781. Canada is the second best custom-
er of the United States buying 15 per
cent of its exports to the value of
\$600,000,000, and selling about \$350,
000,000 worth a year.

The Ontario Hydro System.
Q.—What are the latest figures regarding the Ontario Hydro-Electric operations?

A.—Sir Adam Beck reports a surplus of \$1,000,000 from the Ontario Hydro-Electric systems for 1924, based on a revenue of nearly \$20,000,000. This is one of the largest public ownership undertakings of its kind in the world, including 385 municipalities.

The population supplied with electricity by the Commission was 2,250,000 and the number of consumers over 400,000. The increases in generating plant capacity during 1924 totaled 145,000 horsepower.

BULLETIN FROM
PROVINCIAL GOVT.

ALBERTA MAY EXPORT

7,000,000 lbs. BUTTER

Last year Alberta exported to Britain and other countries over 4,000,000 lbs. of butter, which was a little less than one-fifth of the total production of creamery butter. During the present season it is anticipated that the surplus for export will increase to 7,000,000 lbs, which would be seven times what the exportable surplus was four years ago. This is some indication of the manner in which the dairy industry has grown in this province. The increase in exportable surplus is in great degree due to the improvement in quality under the official cream grading system inaugurated by the provincial government in co-operation with the creamery operators three years ago. The anticipation is that the total production of creamery butter will this year reach 25,000,000 lbs.

Official cream graders are now being sent to their posts throughout the province. During the past few months special classes for these graders have been held at the University, and during the season some 75 or 80 graders will be at work.

States Follow Alberta Lead.

Several States are following the lead of Alberta in adopting official cream grading systems. The latest to seek information is the State of Illinois where it is hoped to work out some such system this year. The State of West Virginia is also endeavoring to inaugurate a system modelled on the Alberta system. It is expected that Dr. Mackay, Secretary of the American Association of Creamery Butter Manufacturers, will visit Alberta this summer to study the system here.

Confer on Lethbridge Northern.

Following the appointment last week of James Pike as Manager of the Lethbridge Northern Irrigation Colonization Scheme, together with a board of advisors, a conference was held in Lethbridge this week between the manager and the advisory board with Attorney General Bonnell, Hon. V. W. Smith, Minister of Railways and Telephones, L. C. Charlsworth, Chairman of the Irrigation Council and others present.

New Hospital District.

A new municipal hospital district is being organized in the district of Vulcan, south of Calgary.

Need 400 Men for Sugar Beet Field.

Four hundred men will be needed in Southern Alberta this season to do the work in connection with the raising of sugar beets on more than 6,000 acres for the new sugar factory now being built at Raymond.

Orders for these men were received this week by Labor Commissioner Walter Smitten. The work to be done under contract, starting with the blocking and thinning of the beets, the contract price offered is \$9.50 an acre, for hoeing \$2.50 an acre, for weeding in September, \$1.50 an acre, total of \$13.50 an acre. For harvesting \$10 an acre is being offered. A bonus of 75 cents a ton over 12 tons on the harvest is being given. The first payment on the contract will be given on the completion of hoeing, the second after the weeding in September and the final payment following harvesting. Free housing is provided.

Navigation Opens.

Navigation has opened on the Peace River in Northern Alberta and the first boat will leave shortly for down river.

Resume Weed Campaign.

Appointment of field supervisors for the prosecution of the weed campaign throughout the province during the coming season, is now being made by the provincial department of agriculture. There will be 17 supervisors this year, an increase of three over last year. The territory of each supervisor is being made somewhat smaller, in order that the whole field may be covered more thoroughly. Two supervisors will be placed this year in the Peace River district, one south and the other north of the river. It is the intention of the department to conduct a more vigorous campaign than ever for the destruction of weeds.

A convention of the provincial government field supervisors and weed inspectors of the municipalities will be held at Olds on May 19 and 20. All the rural municipalities, towns and cities are being invited to send their weed inspectors to this convention.

Butter-Cheese

CREAM—A meeting was held in

Edmonton to settle cream prices and it is thought they will be paying on the old level soon. Manitoba, settled their difficulty and are now quoting eastern Saskatchewan and Manitoba at 31c, with western Saskatchewan same as Alberta. CREAMERY BUTTER Values unchanged, with some shipments going to Vancouver, but make here is none to heavy; spring weather might make a little change in quotations. CHEESE—Little importation from Ontario, but own plants are making and soon will be able to handle demand.

HAY

Price dropped back a cent due to the number that are being handled and market conditions not being good. quotations on extra 25c, firsts 20c, seconds 1c, cracks 13c. Large storage supplies in eastern cities; export trade looks favorable. POULTRY—Trade quiet with hospitals and restaurants taking most of offerings, but business in United States and eastern part of Dominion good. Looks as if local storage will clean up before new crop; few broilers offered.

POTATOES

Seed stock is what every one is looking for, but this will only last for about another three weeks. A few shipments coming from the east and quotations are \$38 per ton. Local spuds are selling from \$30 to \$33 per ton. Edmonton grade B from \$16 to \$20.

MARKET QUIET, and no one seems to want to buy; tanners are not looking at stuff. Little foreign demand. Horsehair market quiet and dealers are looking for drop in prices.

HAY

Price dropped back a cent due to the number that are being handled and market conditions not being good. quotations on extra 25c, firsts 20c, seconds 1c, cracks 13c. Large storage supplies in eastern cities; export trade looks favorable. POULTRY—Trade quiet with hospitals and restaurants taking most of offerings, but business in United States and eastern part of Dominion good. Looks as if local storage will clean up before new crop; few broilers offered.

POTATOES

Seed stock is what every one is looking for, but this will only last for about another three weeks. A few shipments coming from the east and quotations are \$38 per ton. Local spuds are selling from \$30 to \$33 per ton. Edmonton grade B from \$16 to \$20.

MARKET QUIET, and no one seems to want to buy; tanners are not looking at stuff. Little foreign demand. Horsehair market quiet and dealers are looking for drop in prices.

Edmonton to settle cream prices and it is thought they will be paying on the old level soon. Manitoba, settled their difficulty and are now quoting eastern Saskatchewan and Manitoba at 31c, with western Saskatchewan same as Alberta. CREAMERY BUTTER Values unchanged, with some shipments going to Vancouver, but make here is none to heavy; spring weather might make a little change in quotations. CHEESE—Little importation from Ontario, but own plants are making and soon will be able to handle demand.

THE EXAMINER'S
WEEKLY REVIEW OF
PROV. MARKETS

CATTLE

BEEF—Edmonton yards were handling top quality stuff this week, with keen interest being evident, especially for good butcher steers. Choice heavy steers \$7.25@8; choice light \$7.25@7.85; good \$6.50@7; medium \$5.75@6.25; common \$4.50@5.50. Choice heifers \$6.50 @ \$7; good \$6@6.50. Choice cows \$5.25@5.75; good \$4.75@5.25; medium \$4 @ \$4.50; common \$3@4.50; canners \$2 @ \$2.50; canners \$1.20 up. Choice light calves \$6@6.50; common \$4.50 @ 5. FEEDERS STOCK KERS—Most of heavy steers being sold for butcher, and market a little quieter at \$5.50 for the top; stocker steers \$3@4.50. Stock heifers and cows form \$2.50@4.

HOGS

Edmonton trade quiet, and buyers not bidding on the arrivals. Thick smooths selling at around \$10.25 with a 10 per cent premium for bacon.

SHEEP

Marketing in both the Edmonton and Calgary yards very light, with lambs selling at prices around \$13; wethers \$11, and ewes \$9, for the top quality stuff. Inquiry for breeding ewes but impossible to obtain supply to meet requirements.

GRAIN

Prices seem to be once more on the trend upwards. Seeding in the south is well under way as during the past few days fine weather has enabled the farmers to get out and finish up. Grain growers in the northern part of the province have been somewhat handicapped with large snowfall that they had during the winter which has delayed land operations, but things are getting under way now.

BUTTER—CHEESE

CREAM—A meeting was held in

Edmonton to settle cream prices and it is thought they will be paying on the old level soon. Manitoba, settled their difficulty and are now quoting eastern Saskatchewan and Manitoba at 31c, with western Saskatchewan same as Alberta. CREAMERY BUTTER Values unchanged, with some shipments going to Vancouver, but make here is none to heavy; spring weather might make a little change in quotations. CHEESE—Little importation from Ontario, but own plants are making and soon will be able to handle demand.

JOIN THE POOLS

Farmers of Alberta!
Sign a Contract with the new Provincial Dairy, Livestock and Poultry Pools and have a say in the Marketing of Your Own Products

The Dairy Pool

aims to—
save 6 to 8 per cent on price of butterfat for the producers by eliminating agents, reduce handling charges and overhead costs, stabilize markets.

The Livestock Pool

aims to—
increase selling advantages by controlling a large volume of stock, effect economies in handling, protect the producer against excessive dockage charges, protect the producer against a slump in price by stabilizing the market.

The Poultry Pool

aims to—
stabilize and extend markets for the producer the full benefit of the price paid for the product, provide for storage of product in times of peak production.

To The Farmers & Farm Women:

These are YOUR POOLS! Their success will depend on your support. The best evidence of your belief in co-operative marketing is your signature to a contract.

DRIVE FOR MEMBERSHIPS

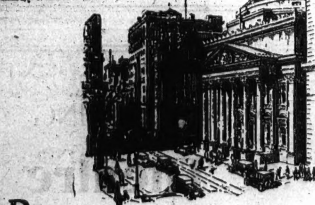

Canvassers will visit you between June 8 and 28. Be ready to sign up then, if not before.

BARRE, SON OF KAZAN

(Continued from Page 2.)
silent storm; and inspired by that restlessness of youth and its desires, they went on.
The snow grew deeper under their feet. In the open spaces they waded through it to their knees, and it continued to fall in a vast white cloud that descended steadily out of the sky. It was near midnight when it stopped. The clouds drifted away from under the stars and the moon, and for a long time Barre and Mahegan stood without moving, looking down from the bald crest of a ridge upon a wonderful world.
An hour after they entered the plain there came suddenly out of the west the tongue of the wolfpack. It was not far distant, probably not more than a mile along the foot of the ridge and the sharp, quick yapping that followed the first outburst was evidence that the long-fanged hunters had put up sudden game, a caribou or young moose, and were close at its heels. At the voice of her own people Mahegan laid her ears close to her head and was off like an arrow from a bow.
(To be continued)

A World-wide System Of Financial Service

By telephone you can talk with your neighbour or with an individual thousands of miles away. By telegraph you can span the continent; by cable your message can glide the earth.

In like manner you can use the service of the Bank of Montreal in little or large measure as the occasion demands.

You can transact business of a purely local nature or enter into financial dealings with people in any part of the world.

Like the telephone, telegraph or cable, our system of financial service is as extensive as the needs of our customers.

BANK OF MONTREAL

Established over 100 years

Real Assets in excess of \$100,000,000

WHAT DO YOU KNOW ABOUT CANADA?

Cost of Government in Canada.
Q.—What is the Cost of Government in Canada?
A.—The cost of the Canadian Government of the Dominion is nearly \$3,000,000, viz. 18 Cabinet Ministers, 9 Lieutenant-Governors, M.P.'s, Senators, \$1,644,000; and of the Provinces, \$1,278,000—probably more per capita than any other English-speaking country. There are nearly 900 legislators, all told, in the Federal and Provincial Parliaments.

Charles C. D. Roberts
Q.—Who is Charles C. D. Roberts?
A.—Charles C. D. Roberts is described by a critic as the inaugurator of the first renaissance in Canadian literature, both poetry and prose. His treatment of nature and pastoral life is distinctive, while he achieved success as a romantic novelist and a writer of animal stories.

Education in Canada.
Q.—Where does Canada rank educationally?
A.—Canada ranks high educationally with over 2,000,000 attending public and other schools, and with 79 Colleges and 23 Universities. Canada is one of the best educated countries in the world, based on school attendance with 67.2 of all between 5 and 19, or 89.10 of those between 7 and 14 attending school for some period in 1921.

Upper Canada's First Legislature
Q.—When and where was Canada's first Legislature held?
A.—Upper Canada's first Legislature was held in Newark on Niagara in 1792, with only 23 members. During the first session British Civil law and Trial by Jury were introduced. Bills were passed providing for the collection of small debts and the regulation of the miller's toll. The Province was divided into four districts, and arrangements were made to erect a courthouse and jail in each.

Baronets in Canada.
Q.—How many baronets are there in Canada?
A.—The present baronets in Canada are Sir Joseph Flavelle, Toronto, and Sir Vincent Meredith, Montreal. "First Baronets," viz. title conferred on them. Inherited baronets, Sir Charles Stewart, Tupper, Vancouver, Sir Edward Gordon Johnson, Montreal; Sir Francis Knowles, Ottawa; Capt. Sir Hugh Poynter, Toronto; Lord Aylmer.

Mount Assiniboine.
Q.—Where is Mt Assiniboine?
A.—Mt Assiniboine is one of the most striking peaks in the Canadian Rockies, about 30 miles due south from Banff. It is nearly 12,000 feet high above sea level, and has been called the Matterhorn of Canada, owing to its sharply-pointed peak. Although a most difficult mountain to climb it has been conquered more than once, first by Sir James Outram, and since by members of the Alpine Club of Canada.

Causes of the War of 1812-14
Q.—What were the causes of the war of 1812-14?
A.—By the Berlin Decree, Napoleon forbade any nation to trade with Britain and by Orders-in-Council Britain forbade any nation to trade with France or her allies. This was keenly felt by the American merchant vessels and when the British claimed the right to search American ships for deserters, Congress declared war. The Americans had long wished to conquer Canada; and now that Britain was too much occupied in the struggle against Napoleon to give much help, they welcomed news. The committee is under the joint chairmanship of Dr. T. J. and Dr. G. G. of Ottawa, and includes prominent medical and veterinary men from all provinces, with provincial veterinarians, and Dr. Rankin of the Alberta College of Medicine representing this province.

Uses for Newspapers
The newspaper, opened full length, is just the thing to protect tea-table cloths, card-table cloths, and cushion covers which should be rolled up when not in use. Their charm is often marred by being folded instead of rolled. Put a string round the centre and at each end.
Of course we light our fires with newspapers—it seems a shame. I often see quite an interesting item after I have applied the match.
And for quickness and economy in cleaning windows the modern housewife offers a novel suggestion.
Take one sheet of newspaper in your hands, crumple it and dip it into water but do not have it too wet. Rub it over the window. Crumple another sheet of paper and use it dry. Then give a final polish with a third piece of paper also crumpled and dry.
If done well, a high polish is the result, and best of all, like the tooth, object to the printer's ink, and until it wears off, go elsewhere.

SPECIAL COMMITTEE ON TUBERCULOSIS
One of the most important steps yet taken in the study of bovine tuberculosis, was announced during the past week, by Dr. H. M. Torg, Chairman of the Research Council for Canada, in the appointment of a special committee to conduct research work in tuberculosis as it affects cattle.
This announcement will be most gratifying to the people of Alberta since it forecasts Dominion-wide action along the lines on which the Alberta Department of Agriculture and Alberta University authorities have been working for some months. In August, 1924, Hon. Geo. Hoadley with the support of Dr. Torg named a research committee for the purpose of studying the matter of tuberculosis in cattle and its transmission to human beings. This committee included prominent medical men of the province and the province and the provincial veterinarian. This committee has already done considerable work at the provincial department secured from France samples of the Calmette culture which has been used with such gratifying success in the inoculation of herds in the Old Country. This culture is now being developed at the University of Alberta and experiments are already under way with two of the provincial government herds and will be undertaken with a large number of cattle on other farms. The department and university authorities are also conducting experiments with Dr. Nathan Ray's vaccine on two more of the government herds.

The contention of prominent Alberta beef cattle men, has been that the present wasteful and unscientific method of destroying beef cattle inflicting the T. B. test, can be obviated with the use of properly proven vaccine, and have been urging for some time with the support of the Alberta Department of Agriculture, that research work along these lines be carried on by the Dominion Government. The announcement of the appointment of the special Dominion committee by Dr. Torg, therefore, comes as a welcome news. The committee is under the joint chairmanship of Dr. Torg and Dr. G. G. of Ottawa, and includes prominent medical and veterinary men from all provinces, with provincial veterinarians, and Dr. Rankin of the Alberta College of Medicine representing this province.

Canada's Railways.
Q.—What are the chief facts about Canada's Railways?
A.—Canada's single track railway mileage is now 40,094, with 2,273 miles under construction at the end of 1923.

Canada now stands second among the countries of the world in railway mileage, and first in proportion of mileage to population—one mile to every two hundred and twenty-seven people. Canada has given \$180,000,000 in aid to railways, in subsidies, loans and land.

Here and There
Under the joint Canadian-British Government scheme, 3,000 families are being brought to Alberta this year and the first party of families will arrive in April. They will first be guaranteed employment and later will take up their own land.
Henry E. Suckling, Treasurer of the Canadian Pacific Railway since 1908, died recently at Atlantic City after an illness of several months. He was born at Gibraltar in 1861 and had been associated with Railways in a treasury capacity since his early manhood.
J. C. Mitchell, of Dahinda, Sask., known as the "world's champion wheat grower" returned home recently from a lecture tour of the British Isles. "Go West, young man, go West" is his advice to all who wish to try their fortunes in the Dominion.
Speaking at Toronto, Hon. Charles McCrea, Minister of Mines for Ontario, said that the estimated output of the mines of the province this year will be around \$75,000,000. In regard to gold he stated that by 1928 Ontario was expected to top the total production of the United States.
A new Silver Trophy donated by the English Football Association to the Dominion of Canada Football Association for annual competition among Canadian clubs has arrived in Canada and will be on exhibition at Canadian Pacific stations at Montreal, Toronto, Winnipeg and right across the West.
An expedition which will try to climb Mount Logan (19,850 feet) in the Yukon, the loftiest peak in Canada, is to leave Vancouver in April. It will be headed by A. H. McCarthy and Col. W. E. Foster, of Vancouver, and six other gentlemen, including a representative of the English Alpine Club, will complete the party.
Agricultural products in the Province of Manitoba during the year 1924 reached a total estimated value of \$164,312,857, according to figures issued by the Provincial Department of Agriculture. This amount is nearly double that of the previous year and is accounted for largely by the big upturn in the price of wheat.
The shield which was taken from the gates of Old Quebec when the city was captured by General Wolfe, and now in the possession of the town of Hastings, will be returned to the Ancient Capital. The Hastings Council have decided to return the shield which was presented to them by General Wolfe Murray, a descendant of the famous soldier.
Miss Ethel Loginska, temperamental pianist, gave another taste of her quality when she lectured a socially prominent audience for coughing in the middle of a concert at Englewood, N.J. "If you can't control yourselves, please don't stay here," she remarked. About fifteen disgruntled members of the audience left the hall indignantly.
Trail Riders of the Canadian Rockies have developed the idea of using snow shoes for horses over the heavy snow tracks of this region. In this way great quantities of supplies are brought considerable distances across trails that would otherwise be impassable to heavy loads. Trail riders are holding their second great Pow-Wow early in August next.
Devising a new kind of motion picture camera with a built-in motor that is almost noiseless in operation, Burton S. Moore, proprietor of the Niwaka Camps in New Brunswick, has succeeded in taking about 4,000 feet of film of wild life in action which will be shown in due course on Canadian and United States screens. He has been particularly successful in depicting every motion in that special phenomenon by partridges known as drumming.
Over half of last year's western grain crop was handled by the Canadian Pacific Railway according to data just issued by the Dominion Bureau of Statistics. Of the total grain inspections numbering 172,866 cars during the seven months to February 28 last, 99,237 cars were on the company's lines, representing 87 per cent, while of the 136,197 cars delivered at Fort William and Port Arthur during the same period 68,800 or 52.8 per cent are credited to the company.

Relic of Quebec's Fall to Return to Canada

The shield which was taken from the gates of Old Quebec when the city was captured by General Wolfe, and now in the possession of the town of Hastings, will be returned to the Ancient Capital. The Hastings Council have decided to return the shield which was presented to them by General Wolfe Murray, a descendant of the famous soldier.

According to press despatches from London, Lord Willington, 1st Viscount Raton, who was scheduled to sail from Liverpool on April 24th by Canadian Pacific steamship "Montreal" as special emissary from the Hastings Corporation to the Quebec City council, has postponed his visit for some time owing to the illness of Viscountess Willington.
His Lordship's official mission, which will be carried out when the Viscountess recovers, will be to return to the City of Quebec the shield which was taken from its gates when it was captured by General Wolfe in 1759 and which was presented to the Hastings Corporation by General Murray who was present on that memorable occasion.
Since that time the shield has hung over the door of the Council Chamber in the Town Hall at Hastings and Quebec has endeavoured to obtain its return, for years in vain, but at last Hastings has succeeded.
Viscount-Willington will be accompanied by his wife who before her marriage was the Hon. Marie Adelaide, daughter of 1st Baron Brassey, together with his son the Hon. Inigo Brassey Freeman-Thomas and his wife.

Under the joint Canadian-British Government scheme, 3,000 families are being brought to Alberta this year and the first party of families will arrive in April. They will first be guaranteed employment and later will take up their own land.

Henry E. Suckling, Treasurer of the Canadian Pacific Railway since 1908, died recently at Atlantic City after an illness of several months. He was born at Gibraltar in 1861 and had been associated with Railways in a treasury capacity since his early manhood.

J. C. Mitchell, of Dahinda, Sask., known as the "world's champion wheat grower" returned home recently from a lecture tour of the British Isles. "Go West, young man, go West" is his advice to all who wish to try their fortunes in the Dominion.

Speaking at Toronto, Hon. Charles McCrea, Minister of Mines for Ontario, said that the estimated output of the mines of the province this year will be around \$75,000,000. In regard to gold he stated that by 1928 Ontario was expected to top the total production of the United States.

A new Silver Trophy donated by the English Football Association to the Dominion of Canada Football Association for annual competition among Canadian clubs has arrived in Canada and will be on exhibition at Canadian Pacific stations at Montreal, Toronto, Winnipeg and right across the West.

An expedition which will try to climb Mount Logan (19,850 feet) in the Yukon, the loftiest peak in Canada, is to leave Vancouver in April. It will be headed by A. H. McCarthy and Col. W. E. Foster, of Vancouver, and six other gentlemen, including a representative of the English Alpine Club, will complete the party.

Agricultural products in the Province of Manitoba during the year 1924 reached a total estimated value of \$164,312,857, according to figures issued by the Provincial Department of Agriculture. This amount is nearly double that of the previous year and is accounted for largely by the big upturn in the price of wheat.

The shield which was taken from the gates of Old Quebec when the city was captured by General Wolfe, and now in the possession of the town of Hastings, will be returned to the Ancient Capital. The Hastings Council have decided to return the shield which was presented to them by General Wolfe Murray, a descendant of the famous soldier.

Miss Ethel Loginska, temperamental pianist, gave another taste of her quality when she lectured a socially prominent audience for coughing in the middle of a concert at Englewood, N.J. "If you can't control yourselves, please don't stay here," she remarked. About fifteen disgruntled members of the audience left the hall indignantly.

Trail Riders of the Canadian Rockies have developed the idea of using snow shoes for horses over the heavy snow tracks of this region. In this way great quantities of supplies are brought considerable distances across trails that would otherwise be impassable to heavy loads. Trail riders are holding their second great Pow-Wow early in August next.

Devising a new kind of motion picture camera with a built-in motor that is almost noiseless in operation, Burton S. Moore, proprietor of the Niwaka Camps in New Brunswick, has succeeded in taking about 4,000 feet of film of wild life in action which will be shown in due course on Canadian and United States screens. He has been particularly successful in depicting every motion in that special phenomenon by partridges known as drumming.

BORN—To Mr. and Mrs. Geo. Skett at the Misericordia hospital, Edmonton, on May 7th, a son.

BORN—To Mr. and Mrs. D. Gardner of Hope Valley, on May 10th, a son.

BORN—To Mr. and Mrs. M. Cardell of town, on May 12th, a girl (10th).

A meeting of the newly formed United Church committee is to be held at Grace church tomorrow (Thursday) evening at eight o'clock.

Boxed and Bulk chocolates at popular prices at Wainwright Pharmacy.

While it is not yet known just how the arctic fire started on Sunday in the hay meadows of Mr. E. Harrington at Greensburg, considerable damage was done before it was extinguished. Quite a number of men worked for practically the whole day on the job.

After having received special treatment for his ailment, at the sulphur springs at Banff, Mr. A. Beckett has now returned home.

Paint preserves wood, and is the best way to save your property from depreciation; come in and let us figure your paint needs. We carry a big stock and can give you the kind you need. Atlas Lbr Co, phone 57.

We learn that Mr. R. Bailey has now completed the purchase of the old Terpenning place. The deal was made as a complete outfit—stock, implements, etc., and the deal was for a spot cash turnover. Everybody satisfied, too!

Councillor Lismore is busy this week on the building of a new garage on his home property on Second avenue.

Don't send away for your car license. Joe Welch will attend to this and give you the plates at once.

This week will see several removals around town. The Fuller family will be in their new home on Second, Mrs. Stinert is moving to the old Madder place, on Sixth, while Mr. L. Picard who has purchased the A. Mills cottage on King street will be in residence at the end of this week.

Don't forget that at 3:30 p.m. on Saturday, a quantity of household effects are going under the hammer of Steve Bowerman opposite the Fire Hall.

It's time to think of screen doors and windows; we carry a big range in all sizes; at your service. Imperial yard Mel Fraser, phone 1-0.

It is particularly requested that any person knowing of broken sidewalk inform Contractor Bailey, who will attend to same at once. Don't let it go and then blame someone else!

Get your Pennsylvania blacksmith coal from the Atlas yard; phone 57.

FOURTH ANNUAL TOUR TO THE PACIFIC COAST

Special Train from Winnipeg via Canadian National Railways. Entertainment Provided for at Various Points of Interest En Route.

PERSONALLY CONDUCTED

Personally conducted tours offer the best opportunity for familiarizing oneself with the country traversed. This applies to our own country as well as to the older settled countries of Europe. Canadian National Railways has for many years, commencing immediately after the close of school for the summer holidays, conducted special parties to the Pacific Coast via Prince Rupert. The tour this year which will be the fourth will again commence at Winnipeg, from which point a special train of modern sleeping car equipment, dining car and radio observation car, will leave July 6th. After stopping at various points of interest the train will arrive at Prince Rupert on July 11th. At this latter point, the party will embark on a palatial steamship for a cruise of 550 miles through the famous "Inside Passage" to Vancouver. While the tour terminates at Vancouver, those who desire to make a trip to Victoria, may have their tickets read "Victoria" as their destination with out any additional cost.

This tour is an outing that appeals strongly to teachers as well as to professional men, and business men and women.

The local agent of the Canadian National Railways will be pleased to give you full particulars of this tour, including the cost, choice of routes returning, etc.

Messrs Harry Morris and his brother were in town for a day or so, connected with the oil wells last week before returning to their home in Edmonton.

Owing to the late of the byekedown suffered by Principal Suckling Miss McKittrick, arrived from Edmonton on Thursday last, and is now in charge of some of the high-school classes.

Several of our regular summer campers have already visited their cottages at the lake in preparation for the annual exodus from town for the hottest months.

We have a full line of Garden Seeds the best obtainable. Wainwright Pharmacy.

There will be lots of bargains at the Mills' sale which Steve Bowerman will cry on Saturday opposite the Fire Hall.

Mr. Frank Bailey, having now returned from his winter's sojourn, he is again busy at the erection of the clock tower memorial. He expects to have it completed within the next two months.

A good stock of tamarack and cedar posts for fencing. How about that cement walk this year. Have just received a fresh car and can supply your wants. Estimates cheerfully given. Imperial Lbr Co, phone 1-0, McFaser.

You are asked to make note of the fact that from 5 p.m. to 8 p.m. the ladies of the Catholic Women's league who will be serving the big bean supper at the C.N.R. clubroom are most anxious to have you enjoy the meal with them!

Bill Stuart will be holding a sale of the Cheatham effects at his residence on Sixth avenue on Saturday commencing at 2 p.m. sharp.

Mr. and Mrs. Gavin who have occupied the Madder house for the past year are now moving to Edmonton.

You MUST have a license to drive your car. Get your plates at once from Joe Welch, who has just received a shipment of them.

Mr. L. Hawley, of Vermilion is now busy on the painting of a new stage curtain for the Elite theatre.

There is some fifteen million dollars spent annually in advertising in all its forms, and it is claimed by those who are in a position to know that the greater share of this sum is paid for by those merchants who DO NOT advertise.

Mr. A. Dupre has had a large new attractive sign painted on the front of his garage this week.

Our Empire Kalsomine mixed with hot water will not rub off, and is easy to apply. The best wall covering; get it from the Atlas Lbr Co, Joe Welch.

Wheat seeding is now far advanced and in some instances our farmers have finished putting in this crop and are plowing in preparation for sowing oats and barley.

Mr. H. Western is having his new bungalow on Main street painted this week. There are sure lots of other buildings which require the same kind of attention.

Plan your garden NOW! We have a full assortment of seeds at Wainwright Pharmacy.

Miss Latoneau, of Irma, was visiting friends in town over the week end.

A couple of business men from Calgary are over prospects here on a business standpoint.

The high school children expressed their sympathy at the principal's illness by the presentation of a nice box of flowers this week. We understand that the patient has now been ordered to the hospital in Edmonton, and wish him speedy recovery.

Hardwood in the rough and also finished for eaves, reaches, wagon tongues etc.—Imperial Lbr Co McFraser, phone 1-0.

Having obtained a position at Coutts Alta., Miss E. Gehring left for that place last week end.
